I have the right do bear arms. I am going to do so. I also find it funny that Kerry says he cares about his country and yet he tries to change the thread that the country is based on. Same goes for most liberals. The Bill of Rights was added as Ammendments so that they WOULD NEVER be altered... Why can't others get that into their heads? The stupidest argument I've heard is "times are different." You seriously don't think that our founding fathers thought of that? I'm sure it'd be ridiculous to imagine that the founding fathers knew that and decided to put it in the ammendments. :rolleyes:

Kerry doesn't love America, he loves Ketchup and money.
