I dont go on this board much so i didnt get a chance to thank you guys for the info...OH to that idiot who thinks i am a michael moore kool aid drinker? I debate at hannity.com every day of the week. You will know me when ya see me. 4 MORE YEARS! I dont bring Politics into games i hope that the people i play against do the same...sometimes people dont get that point...Thats fine. I deal.

Btw there are some sound problems with the beta version of the core patch. other than that it works fine (Btw i already submitted an update.)
