H2O sucks.

Karmai's a n00b. I ask him for a 1v1, and of course he HAS to host. I told him I wanted field and auto sides but of course, he HAD to choose gdi instead of doing what I asked him. Then, when I buy my arty and get blue screen he OBVIOUSLY doesn't shut down, because he may actually win this way! Then I leave and he bans me from ts, WHAT A COOL GUY.
