We are GEE - Global Elite Empowerment. Most of you might know us by now, we usually play on the UN and DT servers, or off of our very own servers. We have a Default server, and a New Maps server. These servers are pretty much lag-free. We are mostly an AOW clan, but have a few snipers, and are always looking for more. So if you want to join a clan, check out our website at <http://www.gee-clan.com> - or add some of our players to your GSA list.

Some of our well-known members:

[GEE]Enrique-Lobos	Webmaster-Leader
[GEE]RevereGod	Chief Recruiting Officer
[GEE]splnwezel	Foreign Affairs Minister
[GEE]Cyn-illusioN]	Server Admin
[GEE]scarab777
