Hey ppl me and my Friend Run 3 servers in GSA and 1 of the, is connected with Wolspy .. but GSA2.0 Show my server UNDER a BIG X and that is not good for the promo of the servers.. I wanna know if u guys can help me how to show the server in the normal list and no under the X ...cauz we want runing all servers with Wolspy ..

PLz , THX

sorry for my english

and good works for that Site and the support

Enrique_lobos

I think we was better with gsa 1.4
