I would imagine since HL2 is striking down the Oldbie base, we will see an exponential degradation of the skill of Renegade players, until we have a chapter in GamersLife2 called "We Don't go to Renegade..." Where you go and get attacked by the n00b zombies which you'd think would be scary but come off doofy and ruin the atmosphere of the now decimated Renegade. Then you meet up with Father Jeremy whos the last non n00b to play Renegade and you and him team up and systematically get banned from every server for "Cheating". Then you end up in some weird mineshaft, but your out of there in like a minute... You hop in some buggy made out of Stretch Armstrongs and Washing Machines that somehow can match a Top Fuel Dragster on the quarter mile and certainly owns the TFD for the ROAR of it's mighty engine out of a weed wacker. Unfortunately however... This is where... TEH BEETLE THINGS ATTACK!

To be continued...
