Not a day goes by when I don't look over my desk onto the wall behind it and watch in awe as the 9" China logo does... well, whatever a logo does on my wall.

I remember the day the box game, I literally grabbed it from the postman and opened it on the doorstep, turns out he was a Generals player as well and admired the logo greatly.

As anyone in that long, long list of Jeff's will tell you, you simply cannot take in how goddamn great these logos are until you hold it in your hands.

Worth every penny.
