Quote:Maybe not many people are joining it and using that service is because it COSTS money! I would never sign up for that! \$120 AMERICAN for a renegade service that a monkey and a blow up doll could do? No thanks.

What the hell are you talking about?

Spoony is saying that a lot more clans are playing for December, so now would be the best time for clans to start playing, cause there is a lot of competition. It doesn't cost 120 American to clanwar you idiot, just log on to Renegade, go in to chat, say 'wanna clanwar' and boom, your in a clanwar, free of charge!!!
