npsmith82The page pretty much says all you need to know...
http://www.thecodesmith.com/?page=RenWOLstatus

Something i just put together, due to all the people commenting about WOL.

Future updates may include:
[list=a]- Invoke a URL depending if WOL is online/offline.
- Send e-mail notification to a given address if WOL is online/offline.[/list:o]

You can use this right now, 6 months away or when WOL next goes offline (whichever comes first
).
