j\_ball430I've read every post that you've made.  
Perhaps, but it's fair to say you haven't understood them.

j\_ball430I don't care whether or not he's respected  
Seems to me you're completely going back on what you said earlier about the way people should act to people "more respected" than themselves. First being "respected" is paramount, then it's irrelevant?

j\_ball430the fact is that I didn't know who the fuck he was when he first posted  
Likewise, I didn't know who you were either, but did I flame you right off the bat? No. For that matter, neither did BiGPooLoG.

j\_ball430and since he's a newbie to the forums, I had every right to say it.  
I didn't realise your post count determines your worth as a human being. We learn something every day, don't we.

j\_ball430Don't say a private joke that I'm not a part of. You were asking for me to hold that against you.  
^^ what the hell?

j\_ball430I've presented arguments just as well as you have  
I really hate to burst your bubble, but no, you haven't.

j\_ball430but you seem too stuck in your ways to see that  
If being "stuck in my ways" means I'm actually capable of thinking in a straight line, then you can congratulate yourself in the fact that you are not "stuck in your ways".

j\_ball430I only said the intelligence remark because of your misspelling.  
You missed a hyphen. Clearly you are educationally subnormal!

j\_ball430Maybe I'll just say that's a private joke and expect that you were supposed to get it.  
Maybe you'll say something completely off-topic, baseless and unsupportable to avert attention from the fact you were absolutely dead wrong.

j\_ball430He's an idiot, and I'm not just talking about this thread.  
I really don't think you're in a position to say something like that.

j\_ball430He wasn't a part of our conversation, and he decided to butt-in. Hence why I said that.  
Since I AM a part of the conversation, I'm using my judgement to say that I am a part of it.  
Unless my memory and my eyesight completely fail me, your only involvement in this thread was regarding the fact that you supposedly had to pay to clan competitively. Wrong again, what a surprise.

BiGPooLoG did not flame anyone on this thread, and has it occurred to you that he "butted in"

BECAUSE SOMEONE ELSE WAS TALKING ABOUT HIM? What am I thinking: of course that connection hasn't occurred to you, your thought-processes aren't that linear.
