DJM\_TFWxANDY\_

You will encounter some of the fanmade & never added vehicles, such as the E3 Flame Tank, E3 Recon, HumTOW, HoverMRLS, RA2/Ren2 Mirage Tank as well as the current Ren Vehicles (mammy is now stealth just for fun )

Will you be taking measures to try and balance the sides with these new additions? The idea of a stammoth is quite... well... risky.

Do you think it would be better if the Mammy did the same amount of damage as the Stank?  
Same armour too...
