I don't get why it works for them, and me, but when I try it with you... You still do the same shit you did before.

Because I don't bow down to your threats, and let you have your way every time the conversation comes up..

This isn't anything new Ack.. we've had these "private" conversations about two dozen times over the course of 2.5 years.. You were a mod, then you weren't, you were a mod, then you weren't, you like us, you hate us, you tolerate us, you despise us.. I finally had enough and decided that I wasn't keeping your bullshit in PM's where you wanted it anymore..
