lol, you're spewing more bull agian.

Yeah, I'm pissed because I was banned why? Why not... I guess you're the kind of person who'd accuse someone of murder and put him to death and later find out "whoops, he didn't do it, tough break".

You seem to get pissy.. "omg he called me an ass lma ban him right away"

You bash Aircraftkiller every chance you get.

Please... don't even start with "ha you're still mad and blah".

Cheap ass.
