He didn't we have a thread on this in the tatic forum:

Anyway u usuallly just use symbols that resemble letters...

So I will just put a few letters here:

4 = A

3 = E

1 = I

0 = O

5 = S

7 = T

There are loads more its not hard just try to get symbols to represent letters...

Oh yeah and u have thing that sound like a longer version like:

sk8r = skater

1337 = leet = elite
