Just one more thing: Well, you obviously wanted to come and talk to me, as demonstrated by your coming and talking to me. But now, as warned, I must say no more.

Also, that would be "I wrote".

EDIT:

MilkyLepBecause i am tired and i have nothing better to do and you make these type of topics whenever you see an article bashing the prez which in my opinion make you an attention whore.

Discourse irritates you? This isn't your kind of forum.

Icedog, read this ACLU article. Then read the documents if you want to. Then think for yourself. Reading and then thinking is the recipe for success.

Now, time to get back on topic. Thoughts on this article? Come on, I know they're there.
