cowmisfitSpoony war is bullshit?? /me smakes you, welcome back to reality were freedom has to be protected becasue not everything is hunky dorry and not everyone understands talking, would i love to talk with teh iraqies and afganies to stop whats going on now?? Hell yes i would have, before 9/11, i have no symptathy for them waht so ever.

Your calling USA child mamers?? Waht the fuck is wrong with you, GUESS WAHT ITS WAR , PEOPLE DIE AND GET HURT IN WAR, JESUS CHIRST WHY CAN'T YOU UNDERSTAND THAT?? Yea, i agree with you 100% it sucks that children get hurt, but guess what thats war, sorry.

Saying we saved there asses does not imply we did it all by ourselves at all, i know we didn't do it by our selves. Millions of russians and thousands of british died to help us and many other natinalitys as well, france even. But guess what, with out us there to help the allies we would probebly be living in a totally different world today, no telling what would be happening now or if some of us would even still be alive.

I'll stop now , im goin outside.

Of course, the only reason you entered the war in the first place is because of Japan's alliance with Germany. They declared war on you, so America had no choise but to fight.
