j_ball You're comparing occupied France rising up against the NAZI army with the Iraqi rebels who are killing themselves to kill Americans in "jihad". Yeah...they're EXACTLY the same...

You're right, they aren't the same. But they don't need to be exactly the same to both warrant calling people freedom fighters.

Fighting others knowing that you are going to die is not still fighting?

Look, I'm not saying France was in the wrong when rising up against Nazi Germany. They were very very justified in doing so. All I'm saying is that you can call a group of people terrorists/freedom fighters depending on what kind of spin you want to put on it. People fighting American troops in Iraq CAN be called resistance fighters/freedom fighters, but no one does it because to us, they are the enemy.
