As far as thjey are concerned, the West is oppressing them. (as far as they are concerned, America is an occupation force, forcing the Iraqi people to behave in the Western way, which is about equal to siding with the Devil)

The Iraqi resistance kills people who oppose them, the Frech resistance kills people who oppose them. How it is done is meaningless.

The Iraqi RESISTANCE usually helps their allies.

The Iraqi's are doing it for their country as well. I'm sure the payments are incentives to assist, and I can assure you people in the French resistance accepted bribes to help as well.

Regardless of how you put it, there are direct similarities between the groups. The only difference is that the French were on your side, and the Iraqis are not.
