Subject: whats a good bandwidth limit?
Posted by xptek on Mon, 03 Jan 2005 22:59:35 GMT

Madtonebtw, you guys at digital depiction...

Your using the horrible cutenews script. If you want i can write a new system that takes the news from your forum. Any forum software i can dev it for.

Let me know.

I'm sure Matt will recommend me

That would be awesome. cutenews does have...issues.
