Mylo does what he does for attention. He is harmless. The guy starts polls about his armpits, that screams of wanting attention.

I see Chiggers was brought up, I have to find the screenie, but this is the guy who accused ME of cheating after a pwning. ROFL

Mylo can actually play, Chiggers, what I saw I wasn't impressed with or maybe he was having a bad day, as we all do. (Cept C0nFuZOr or course. hehehe)
