Thank you Spooky for noticing that my post was about a tourney. Yes im the leader of a clan, and a damn good one at that. We mainly are a* Have fun clan, and dont get to wound up in the clan war stress shit. Our group has been around for over a Year now. We are part of the RenwarZ community if you know them.

Also, I do have a great bit of Computer Knowledge, so if you need help(like the guy with Teams speak) maby i can lend a hand.

Thanks again for not * Raking me though the coals * as SickO told me yall yould probably do. But if thats still to come, I can *Rake with the best of em .
