Scampl played on Renbattle and Renwarz back in the days when phoe wasn't staff. Good times. Aww man - I got my whole SH banned from Renbattle back in the day... :oops: Anita (Phoe) & I ABSOLUTELY DESPISED anyone associated with Renbattle & now the funny thing is that they ALL are best of friends...Hell, our one time sworn enemy ****STAFF****Dogg came down from D.C. & ****STAFF****1ijac came from California for our party last year. It was great - they're great people.
