hydra1945Dr. Hydra says: take two pills of common sense and get back to me in the morning, and if that doesn't cure your ignorance about the electoral college, try taking a crowbar to your head.

Way to give a link that also includes a strong argument for the opposite of your point.

No matter what points you give, the electoral college inflates the importance of some votes and deflates the importance of others, and it is not a true democratic process. Prevention of third parties? So the fuck what? If the third party has a stance that people agree with, why shouldn't people vote for him? Given the current system, a vote for a third party is throwing your vote away (this doesn't mean I like Nadar).

I love how you assume that my position on the issue is just sheer ignorance, and your position must be correct. You're so fucking arrogant. YES, THERE ARE TWO VALID SIDES TO THIS ARGUMENT. JUST BECAUSE YOU ARE ON ONE END, DOES NOT MEAN THE OTHER END IS "IGNORANT."
