smwScottLOL, its called propaganda. We do it too, it's just that the Iraqi's are extremely bad at it

.

I hate you people that say it is all propaganda. Propaganda is not a bad thing.

All you have to di with propaganda is to say the positive things.

WE liberated msot of Iraq ( but I didnt not mention the nearly 100 coaltion forces who died) Thats our propaganda.

Not the Airport is a grave yard for American and british soldiers! while having a those soldiers wlaking in the background.
