icedog90Sir PhoenixxQuote:but the texture is Generals quality.

Quote:and I only had Renegade and Renalert textures to work with.

What's your point? Not all of Renegade's textures are great.

My point is that he said he didn't make the textures, that he got them from Renegade, and that he was only trying to show off the model, making the quality of the textures irrelevant in this thread. But you would have had to actually read his post instead of just looking at the pictures to have seen that.
