Edit...I didn't see the "or" in Umbral's sentence

If they go beyond liberal to extremist, they still like to go under the premise of liberal.

Anyway, the only time that it's legal to burn a flag, as fas as I've read, is when it is already in a very bad state, i.e. torn up badly or bullet-ridden with holes. And even then, there has to be a proper procedure to do it.

Technically, if an American flag is torn or damaged, it is illegal to display it in public. It must then be folded up and burned.
