Heres a tip: (AVOID IF YOU HAVE NICE NEIGHBOURS )

When you sign up for your domain first go in the reverse directory of your phone book and find your neighbours phone number. Then use YOUR full name but your neighbours address and phone numbers etc.

If they send spam or gangstas there problem. If theres a serious problem your neighbours see your name on the mail and give it to you

If you need a domain name I can get you one also but I doubt that would be a problem.
