SuperFlyingEngilf it's the truth, then prove it.

Open your eyes to the truth, SuperFlyingLiberalTool. Karl Rove had nothing to do with it no matter how much you want him to have had; the REAL culprit was a Democrat and John Kerry supporter (there are even supposed connections between Burkett and the Kerry campaign (I, however, am not going to pull a you and blindly accuse the other side without knowing the full story)). Accept it.
