Well, I got a new copy and didn't even need to show the receipt. Those nice guys at HMV. :^) If anyone's interested, the game was tomb raider:AOD - so if you buy it, you'd best leave the disks in a little plastic package. This way there's no chance of bending or breaking one.

And I agree, downloading the game from a third party wouldn't be considered illegal since you have paid for it.
