Subject: Did CP1 improve gameplay?
Posted by [lwd]WarZman on Fri, 04 Feb 2005 16:10:47 GMT

if you go switch between windowed and full screen your fps will get shit I never got it to my self but some of my clan got that problem

But the rain and all other shit make you SFPS like shit or somethings else if we got 15 players on our server the sfps goes to 45 and hold it there till someone leaves and it gonna warp
ferry strange if someone knows what it is
