It is ignorance to say that oil was not a factor in the war plan. I guess America just DONATED 200 billion dollars of money to Iraq and expected nothing in return? Now, that isn't to say that the main reason for the war was oil, because it wasn't. It was to disarm Saddam. That is all the president spoke about in his justification for the war. Now, TODAY, that is a different story, but in March of '03, it is as I stated.
