Sorry Iron but you are wrong. The title of his essay is : "On the Justice of Roosting Chickens : Reflections on the Consequences of U.S. Imperial Arrogance and Criminality"

If he really met to compare them to a smooth running machine he didn't have to compare them to Nazis. He clearly states in his essay that what the people were doing in the buildings were costing lives. He is mean spirited and hateful in the entire essay. The people in these buildings were not just from America as many liberal exteremists would like you to think. The terrorists killed a grouping of all different races, religions, and nationalities. This man is very wrong in his statements and should be arrested for treason.
