its funny tho..

in FF11 when u logg on they tell you..

MMORPGS are addictive..

dont neglect your friends famaily job and self..

blah blah blah

but with EQ.. its like hell ya man.. waste your life in front of your box..

even the 5 mins it takes to get up a order a pizza HAH!

i mean when im at my comp my cell or a phone period aint far from me anyways

i figgured its one of those things..

that if they put it in the game..

ppl would use it.. just to use it

as long as it worked good

sceem sceem plot plot
