SuperFlyingEngiDon't get me wrong, Stairway to Heaven is an awesome song. In fact, I'm listening to it right now.

I never cared for Rhapsody that much, though.

I never meant it as that you don't appreciate the classics, but because you're a 90's child, today's influences weigh more heavily on you to make you lean towards the newer music rather than the old. That's not saying that you can't appreciate the classics (as you obviously do).
