DoitleACK what server was that on? Same for you Halo... I couldn't beleive how many points total each side had in that screen shot! I want to play a good game. Most I play are little games that end up with me in first with like 1000 and most having like 200 points... That's no fun.

um errrr o oooo that was a long long time ago, think it was devs hous or maybe that 50 player on the european Realn00bs/Sterji7???

I can take a stab and say ACK was on the Pits.
