no no, I respect and like clear cut answers. You just dont have to make a big deal out of it. I dont expect you to "I am not digging through over a hundred e-mails to find the specific one where Steve said that."

Im just saying you should bust em out real quick so you dont have to deal with it anymore. if someone questions you, post a link that proves em wrong. like a SS of a email that proves yah right.

I just am getting sick of idiots popping up saying you are theif and a lyer.  
It happens waayyyy to often.
