Thanks a lot for the help. If I ever get this working I'll let you know.

There's got to be a way. In the 2nd single player mission, you get a "Church Escort Team" through a chinook and they follow you to the Hand of Nod. Then, at some point, whatever's left of them, they get stopped once they enter a zone. They say, "Sorry sir- orders. I can't go beyond this point."

Then I get all pissed off at him, and go back and poke him, then he's all loyal and brave again and he says, "Right behind ya' sir." And he follows me. Then he stops again at the zone.

I WANT THAT!!
