gbulll bought Breaking Benjamin too. Great buy I think. worth every penny. I only download songs that I cant find In stores and stuff.

Havent had a good buy like that since Metallica Black.

I buy most of my music too , I never really download anything except few single songs. I wouldn't even use Napster really , I don't care if it's a better deal , I like to own the CD and add it to my collection.

msgtpainGet Sirius, Listen to Octane, channel 20.. you'll get all the alternative rock your heart desires... Linkin Park, Crossfade, Godsmack, Metallica, Nickelback, Alice In Chains, Nirvana, Tool, Breaking Benjamin, etc, etc.. I stream it at home, listen to it in the car, at work.. etc, etc..

If you have Dish, their Digital music is fed by sirius also, you can listen to Octane on there also.

Yeah , I listen to most of those bands. I was supirsed I missed out on this band for so long.
