Cebtfirst off id like to say to Aircraftkiller and anyone else who asumingly like to offend and speak badly to others that if you dont have anything reasonable to say and dont want to say it in a CIVILIZED way (thats means no swearing, evil sarcasm or anything else thats not nice)

and once again i want a nice polite attitude in this threat.

What kind of response did you think you were going to get when you wrote this? And what kind of attitude did you think you were going to get in a threat? Read through your post before you click submit. If you read through it and have the urge to slap yourself silly like we all do, then maybe don't post it at all, or re-write it until either 1. you are black and blue from slapping yourself silly and give up, or 2. you don't start with an "You've all been asses outside of my thread, so instead, I'll just start off being an ass and hope no one else follows suit.
