Come on people, digging this far down to find ammunition to use against him is pathetic and laughable.

Actually, what's "laughable" in my opinion is that some folks (forum moderators included, obviously) will look a blind eye as Ack pulls this exact same sort of topic derailing and flaming in 80% of the threads he posts in; then come jump to his defense when anyone does it back..

Bias? me thinks so..

That's who AK is. The other people only do it, you can say, to get even.
