<http://www.cnc-source.com/files/pafiledb.php?action=file&id=551>

This archive contains many source files for the Renegade version of Commando. Note that I will not provide any support for these files. The custom Commando exe and Commando Level Editor are not included. However, if you really want them, send me a private message.

Commando continues its development as Half-Life 2 mod. See the site for lots of more info.
