IRON FARTTo those people who still do not believe in evolution:  
Get with the program.

I find it funny that in this day and age, people cling on to what the bible says and interpret it so literally that any possibility of evolution is considered rubbish.

hahah, the people across the street from me won't let their kids watch "The Wild Thorn Barries" because they don't believe in the Darwin Theory and the show has a monkey named Darwin.
