Awww...stop ripping on Florida. I WISH I lived in Florida. Or, I'm looking forward to going to college there, because New Jersey sucks donkey nuts. You'll find morons no matter where you go, it's just what they happen to be bitching about at any given time. Trust me, things are as fucked up everywhere else as they are down there, and probably more so in NJ. Definitely more so in NJ. DAMN.

And yeah, this is a dumb idea. As if lawsuits weren't a big enough problem in our country's fucked up legal system, now you can sue your profs and teachers for teaching you things you don't want to learn about. Just think...a world where you can sue your math teacher because you don't believe you should learn math... hard cold fact: being taught about something doesn't mean you're being indoctrinated, just informed.

Now, there are some teachers and profs out there that abuse their positions, yeah...but giving the whole profession crap like this to deal with because of the actions of a few assholes is just plain retarded.
