I never cared what you thought about me and I've always felt your dislike towards me was misdirected, and should have been towards the members of n00bstories.com who don't necessarily share my opinion on server and server owners in the community.

That being said, your actions speak louder than words. Sincere or not, I didn't care then, and I don't care now. But if you truly do wish to improve your attitude, I would never stand in your way and would welcome the change.
