I don't feel the need to have to decypher posts. All I understood was the words that were in your post.

I don't feel the need to protect me from myself. I'm quite fine being myself both online and in real life. On the other hand, you seem quite amused with yourself, and I'd be careful if I were you because such infatuation could result in you raping yourself. :rolleyes:

I wasn't going to defend an opinion with evidence I don't have. It's just an opinion with no real basis to it. Sorry if me having an opinion frightens you, but I'll assure you there are many much worse than me that have their own as well. Yes, be afraid, be very afraid.

Oh no, I made a ridiculous point that was made to be viewed as such. I was saying that I don't care if they got 5 people to say one thing because I could get 10 people to say something absolutely ridiculous as such.

I don't admit mistakes I don't make, or at least fail to realize that they were made.
