Duntl've never had that happen to me while in nod base but EVERY time i'm in gdi base. (whether i'm gdi or nod) If I'm behind weaps (near that little corner) when someone buys a vehicle, I get killed. It doesn't matter whether I'm in or out of a vehicle. I dunno much about modding and things but I think maybe the Vehicle Creation Zone thingy may be coming out of the back of the building . I learnt the hard way, always dying there. Just keep clear of that area. WAY CLEAR.

LOL Thanks a lot for the tip & your right on the money I was standing in 'that little corner' in the back of wep. I didnt pay attention to wether or not they had just made a vechic but it sounds plausible(sp?).

Thanks
