Aircraftkiller Lets not, because Hitler was a liberal by today's definition of the word and he espoused liberal ideology. His regime was almost identical to communism, and I know many people just like you would have been singing his praise today had he kept Europe.

[a] So what? He believed in progressive policy.

[b] No, I really wouldn't be supporting Hitler if he were in office today and carrying out atrocities. Although, before Hitler went nuts and started killing non-Aryans, the entire world believed he was going to be one of the greatest leaders Germany had ever had. Somewhere between 1929 and 1935, I think, Hitler was Time's Man of the Year. If Hitler hadn't been a loon, he could have been one of the more positively distinguished leaders of the 20th Century.

ACK! It doesn't matter if they were anti-communist because they had the SAME BELIEFS. The same worker's paradise, the same social programs, the same system of denying your rights in the interest of the common good.

But it does matter that they were anti-communist. That's the point I was making. The current neo-conservatives are radically anti-liberal, but they don't exactly follow conservative policies. Just like fascism. The only area they retain "traditional" values is in things such as condemning homos and bombing abortion clinics.

ACK! Just like you would have others do to this nation. STFU you fucking retard.

I thought I had you in the crushing grip of inevitable reason, until I read this line. I have now realized I must yield to your strong, uninformed opinions and rude, childish behavior.
