AircraftkillerDan... Please for your own sake just shut up. You have no idea why he wrote that post, I do, so I replied. He was talking to me before, otherwise I wouldn't have responded at all. :rolleyes: This is why I said the Renegade forums are a horrible place to get intellectual criticism of any work.

Its a little thing called sarcasm idiot. I knew exactly why you responded to this thread, but you like to take everything literally, and nitpick about every little mistake people make. I decided to return the favour for once.
