Spoonyjoel-nlFooker has tried in the past to get the renguard makers to acknowledge there were bypasses like published on the BitchCommunity.com forums. When he did that he was silenced and banned from http://www.renegadeforums.com/ cause u guys didnt want the truth to be told. Or maybe because he was giving out links to sites full of cheating fuckbags?

and maybe those posts were in err
so maybe a warning would have sufficed
