icedog90IRON FARTThat is extremely narrow minded of you.

First off, you shouldn't randomly tell people that so and so has a lack of intelligence. Why? Because if you are thinking that the problem will go away if 3 people shutup, then YOU are the one who lacks intelligence.

If the 3 of us shutup and don't respond to his posts, then he'll start an argument with someone who is 8 years younger than him, then people will join in regardless.

This forum is turning into a fucking joke. EVERY thread is turning into a goddam flame war if there is a spelling mistake or use of the word "skin" or even if Reborn is brought up.

I think you completely missed my point. If you reply, he will reply back to your post. And if you look in every thread that Aircraftkiller has killed, you'll see that most of the time it's you guys who do it; by replying to him. This forum is turning into a joke because of all of us, so please stop complaining when you have some part in it. I know you're just going to argue with me and kill this thread even more, so I'm temporarily putting you on ignore.

Actually I didn't miss your point. But saying that 3 people are the cause of it is wrong. There is no way everyone will shutup. I will if you want me too I guess, but there is still gonna be people who won't. I guess you won't get to read that though.

ACK, you're still a loser and you should be banned from here. Thats all I've got to say. Now I'll put you on ignore although it won't do a world of good.
